

## SYSTEMATIX, INC.

### Dual Adjustable Screen Monitor Arm Model 7920

*Designed to promote greater efficiency through improved workplace ergonomics.*

- Clamp height adjustment — 16" pole allows for 14.5" of height range
- Desk clamp and grommet mount hardware are included
- Standard 75mm VESA compliant mounting bracket with 100mm bracket adapter kit to mount majority of flat panel screens
- Ideal for Commercial, Office, Security, IT and Graphics applications
- Aluminum die cast components provide stability and durability for screens up to 21" Height and Depth Adjustable
- Support clamp doubles as a cable manager
- Load capacity of 30 lbs
- Patented Quick Connect allows monitor to easily mount to the arm. Also a theft deterrent — it requires a tool to disconnect
- Each head independently adjustable: 180° tilt, 180° side-to-side movement, and 360° landscape-to-portrait movement
- Double Extension models allow 20" of back and forth movement. Arm folds back to post for more desk space
- A choice of finishes—silver or black
