

SYSTEMATIX, INC.

Corner Maker

Model CMR1.5

Putting Wasted Space to Work on an "L" Shape Desk

The Systematix Corner Maker will install into the corner of your L shape desk, creating new space to install your keyboard to free up valuable space.

- Metal tray slides over the work surface to form a 45 degree corner on an L-shaped computer desk
- Adjustable metal lip accepts work surface thickness of 7/8" to 1.75"
- Pre-drilled to accommodate most any keyboard tray mechanism
- Will handle a rectangular tray up to 22" wide with an extended type arm
- Dimensions: 19½" wide by 1½" thick by 10¼" deep radius design
- Color: Black
